Sub: Uploading photograph of houses completed since FY 2014-15 in **rhodisha.gov.in**

Madam/Sir,

I am directed to say that State has achieved the milestone of completing more than 14 lakh pucca houses under various RH Schemes since the FY 2014-15. In order to maintain transparency, the beneficiary details along with photograph of completed house in the presence of beneficiary should be uploaded in **rhodisha.gov.in** portal. Hon'ble Chief Minister may like to dedicate the completed houses to public any time after January 2018.

At present, about 2 lakhs photographs have been uploaded in the portal, but in many photos beneficiary is absent. The photos of houses where beneficiary is not present should be recaptured so that beneficiary can be seen along with his completed house. Many good quality photographs of completed houses with beneficiaries are available in AwaasSoft which can be downloaded and uploaded in **rhodisha.gov.in** at Block level. After completing this exercise the remaining photos should be captured through youth engaged at GP level using Android mobile available with GP.

Youth will be paid Rs. 50/- per captured photograph of the house out of Administrative Contingency of the concerned Scheme.

In many cases, beneficiary details where houses have been completed are yet to be uploaded in RH Portal. CP and DEO engaged in RH cell should update the same so that there is no discrepancy between the number of houses completed and beneficiary details uploaded in RH Portal.

Accuracy of details and matching of beneficiary details with the photograph should be ensured, since the portal is on public domain.

This exercise of updating the **rhodisha.gov.in** portal should be completed by 20th January 2018 unflinchingly.

This should be treated as **immediate**.

Yours faithfully,

S. N. Girish
